

AMERICAN SOCIETY OF SAFETY PROFESSIONALS (ASSP)

SEPTEMBER 11, 2019

9AM –11AM (OPEN TO ALL)

NO REGISTRATION REQUIRED!

For more than 100 years, the American Society of Safety Professionals has supported occupational safety and health (OSH) professionals in their efforts to prevent workplace injuries, illnesses and fatalities. We provide education, advocacy, standards development and a professional community to our members in order to advance their careers and the OSH profession as a whole. Members and guests alike are invited to attend this meeting to meet one another, discuss meeting plans for the year, discuss marketing and membership opportunities and hear from ASSP leadership. This is a great opportunity to learn more about what chapters are doing, how we might collaborate, get briefed on training opportunities and professional certifications and why an ASSP membership is important for all safety professionals! If you're an ASSP member, plan to attend this great networking opportunity! If you're a guest, please come learn more about ASSP and how it can boost your career!
